

Quintessence shortly explained

Children in primary school in Weinfelden, learn how to calculate, read and write. We also want, that they learn, what is good for them in there daily life and what is not.

This is important. If children know, what is good for them and others surrounding them, they're healthier and happier.

This is why it is essential that also you, as a parent, know about what makes a child healthy and happy. That's the way a child learns how to get along with life and how to deal with problems and difficulties. **Quintessence** helps you with that.

Quintessence shows, which topic is of particular importance for a kid in a specific age, for there parents and there teachers and how to support the child the best in this phase of life.

Quintessence gets offered in all schools in Weinfelden.

There are several events for parents who's children are in kindergarten, 1. and 2. class, 3. And 4. class and 5. And 6. class. You can find our offers online on our website <http://www.schuleweinfelden.ch>

In the beginning of the school year, you, as a parent, get a program of all the event dates. For every offer there are two choices. Parents with more than one child have to visit at least one Quintessence event. Of course you're allowed to attend more. We're looking forward to meet you!

If you have any more questions, please contact the class teacher of your child or the head of the school.

Kind regards,

PRIMARSCHULE WEINFELDEN (primaryschool Weinfelden)
Martin-Haffter-Schulzentrum (Martin-Haffter-school)
